Coordinated Dental Care and Coverage

IN OREGON AND SOUTHWEST WASHINGTON

Kaiser Permanente Dental is recognized as the leader in providing high-quality, patient-centered, comprehensive care, according to the Accreditation Association for Ambulatory Health Care (AAAHC).¹ Our top-notch dentists work together with our doctors, as part of the same system, to deliver quality care to members.

THE KAISER PERMANENTE DENTAL **DIFFERENCE**

WHY KAISER PERMANENTE?

For more than 40 years, Kaiser Permanente Northwest has been helping our members thrive with healthy smiles and dental care that connects seamlessly to their health plans. Prevention is at the core of our philosophy, and we want to help you achieve and maintain a healthy smile. We combine dental, medical, pharmacy, and insurance services in one easy-to-use package to help make health care simpler and more convenient.

KNOW WHAT'S IMPORTANT

Quality dental care

Our Oregon and Southwest Washington dental group has more than 160 general dentists, pediatric dentists, orthodontists, periodontists, oral surgeons, endodontists, and prosthodontists – and you can choose to see any of them. Our coverage options and high-quality care allow us to deliver you an outstanding service experience. In fact, 95% of our members would recommend us to family and friends.³

Convenience

With 21 dental offices in the Portland metro area, Southwest Washington, Longview, Salem, and Eugene, there's sure to be one near you. Plus, you can often take care of minor medical needs, like flu shots or other vaccinations, during your dental appointment.⁴

Total health solutions

Our medical and dental teams work together to help protect the total health of our members. Shared health records mean our dentists see when members are due for medical screenings and can help schedule their appointment right away. In fact, did you know that Kaiser Permanente members with both medical and dental coverage weigh less, smoke less, and visit the hospital and emergency department less often than members with just medical coverage?²

1. Continuously accredited by the Accreditation Association for Ambulatory Health Care (AAAHC) since 1990. Kaiser Permanente Dental is the only AAAHC-accredited dental home in the Northwest, and the third in the nation to achieve dental home accreditation. **2.** Kaiser Permanente Center for Health Research, Comparison of HEDIS Outcomes Among Dental/Medical vs. Medical Only Population, 2013. **3.** According to The Press Ganey Survey for January 2022–December 2022. **4.** Available at select locations. Member must be enrolled on a Kaiser Permanente dental and medical plan.

TOP-NOTCH DENTISTS

Higher standards

We set high standards for our dental program. For more than 30 years, we've been independently recognized as a leader in providing high-quality, patient-centered, comprehensive care¹ – and we're the only dental practice in the Pacific Northwest to meet this rigorous standard.

PATIENT SATISFACTION

Ninety-five percent of our members would recommend us to family and friends.² Our coverage options and high-quality care allow us to deliver you an outstanding service experience.

Hiring top dentists

Recruitment focuses on dentists with advanced education and training and/or dentists who have experience in group or private practice. We encourage our dentists to grow professionally through continuing education.

We are always looking for ways to integrate medical and dental care, such as hypertension screening and tobacco cessation support. We also focus on hiring dentists with communication skills as well as clinical and diagnostic abilities.

We are proud to have a high retention rate among our dentists.³ Quality of care and quality of patient experience help maintain the dentist-patient relationship.

Dental Directory

You can learn more about our dentists and the quality of care we provide through our online Dental Directory. You can view photos and learn about the educational backgrounds of more than 160 dentists and specialists. Visit kp.org/dental/nw/directory to search by area, location, provider, or specialty.

HOW TO MAKE APPOINTMENTS

VISIT US ONLINE

For more information and to learn what to expect at your first appointment, visit kp.org/dental/nw.

Most of our dental offices are open Monday through Friday. We also offer Saturday hours. Go to kp.org/facilities for the latest hours. To make an appointment, please call our Appointment Center at **1-800-813-2000 (TTY 711)**.

When you call, let the member assistant know what type of appointment you need, and please have your Kaiser Permanente ID card handy.

Your first appointment

As a new patient, your first visit will include:

- Diagnostic X-rays
- Gum disease test and tooth decay assessment
- Head and neck cancer screening and blood pressure check
- Assessment of tobacco use

After your exam, your dentist will discuss the findings with you and ask about your medical and dental history. He or she will talk with you about any treatment you may need and plan a routine cleaning schedule.

For children, we recommend a visit within 6 months of when their first tooth comes in or by age 1.

When you call to make your first appointment, please let us know if you would like to share dental X-rays from your previous dentist with us. Depending on factors such as image quality and how recently the X-rays were taken, we may be able to use them. Dental X-rays are proven safe and are necessary for us to do a comprehensive assessment of your oral health.
